

Alignment of *Letter, Sounds, Words* (Academy) with *JCSpell Lesson Planner Book K*

The *Lesson Planner Book K (LPK)* is divided into two sections: the first half is organized by lessons, the second half has activities with how-to information.

Johnny Can Spell Lesson Planner Book K (LPK) provides content in 100 lessons. *Letters, Sounds, Words (LSW)* in the Academy has 80 lessons.

It is recommended that most *LSW* lessons be spread over two days. See *LSW Pacing Guide* for details. [[LSW_TH02_pacing_guide](#)]

Letter Sounds Words (LSW) lessons have routines:

- retrieval practice (flash card reads, dictation with self-checking)
- new phonogram introduced (lessons 11-80)
- clay writing
- cornmeal writing
- pencil-paper writing
- words (lessons 11-80)
- capital letters (lessons 16-41)
- writing practice (lessons 42-80)

Letters, Sounds, Words activities with words range from counting syllables to "Think to Spell" (sounding out a word) and include some word chains, manipulating sounds in words, and changing onsets with a common rime.

The phonograms and words in *Letters, Sounds, Words* lessons 1-70 align with phonograms and the words for the "Think to Spell" routine in *LPK* lessons 1-70.

After lesson 70, *LSW* (Academy) condenses the content from *LPK* lessons 71-100. The phonogram order in *LSW* in these last lessons is slightly different than in *LPK* lessons. And the following five phonograms are not presented in *LSW*: ei, ie, ti, si, ci.
